On pieces of paper
Cryptic signs that i can't read

I'm lost in this ghost town
I walk alone on freezing streets

[Bridge]
Aimlessly I roam
Without a ticket home

Shadows on the moon
Shadows, bittersweet insomnia
Shadows on the moon
And the rain still falls like shards of glass
Beneath the northern star
Reflections of a lonesome heart
Shadows on the moon

No promise, no answers
To carry you through dreamless nights

And cracks in the dark sky
Quietly swallow your cries

You talk to a stranger
He says you "better not look back"

Keep crossing
The wasteland
Before the day breaks

Shadows on the moon
Songtext, bittersweet insomnia
Shadows on the moon
And the rain still falls like shards of glass
Sparkles in the gloom
Shimmering in silver light
Shadows on the moon

Sparkles in the gloom
Shimmering in silver light
Shadows on the moon
