Do you remember that day?  
And the time goes by  
I am still alive now

konna sekai de  
Aa, kudarana sa ni  
tsuba wo hai temo, mada hashireru sa  
Lighting up my engine getting started

memagurushii ki setsu wo hateru made kake yuku  
kokoro no oku de sotto anata wo omoi nagara

Do you remember that day?  
mabushikute me wo fusai de mo  
zanzou ga nokori, jama suru no sa  
Like a sudden drop that falls on my heart

osaete ita omoi ga shunkan ni afure dasu  
arayuru keshiki ga ima anata de ume tsukusu

tomatta toki no mukou kawarazu mi tsume teru  
boku no itami wo tsutsumikomu you na  
sonna yawaraka na kimi ga suki datta

memagurushii ki setsu wo hateru made kake yuku  
kokoro no oku de sotto anata wo omoi nagara
