I am awesome
You, you are awesome
To-together we're totally awesome
I am a man
You, you are a woman
Together we're totally awesome

When our powers combine
And the moon and the stars and the planets align
We're gonna have a really good time
'Cause, baby, you're lookin' so fine
You and me, baby, we're awesome together
You and me, baby, we're awesome forever
And ever, and ever, and ever, and ever, and ever, and
ever, and AAAAAHHH

I am awesome
You, you are awesome
To-together we're totally awesome
I am a man
You, you are a woman
Together we're totally awesome

Awesome
Oh yeah, baby, we're awesome
Oh yeah
Awesome
Oh yeah, baby, we're awesome
