Verse 1

God in pleasure
God in pain
God will ever remain!

God in sadness
And God in strife
Father we commit to our lives

Chorus

For we know (for we know) that you are faithful,
You're the stillness in the storm!
For you've been with us through our lives father we
commit to you our hearts.

Verse 2

God in gladness and God in sorrow
God will never depart!
For he's been with us through our lives father we
submit to you our lives
(Repeat chorus x2)
