Where are we going now. Nobody knows a thing.
But everywhere we go, blood is flowing.
Hearts are filled with fears, faces are pumping out
those tears.
We might not be alive, for the light of the day.

We don't know where we are going.
But we sure know where we have been.
When the winds of war stops blowing, my friend that's
when we'll win.
In our eyes remorse is showing, as we commit this
ultimate sin.

We can't hear the children cry, only the bullets passing
by.
My life is flashing for my eyes. Give me light of the day.
Where are we going now, pieces of shit stuck within my
mind.
Please let us live I say , for the light of the day.

We don't know where we are going.
But we sure know where we have been.
When the winds of war stops blowing, my friend that's
when we'll win.
In our eyes remorse is showing, as we commit this
ultimate sin.
