"Truckload Of Beer"

Visit "[Truckload Of Beer](#)" on MotoLyrics.com

I walked down the street a truckload of beer appeared
We felt so thirsty could this be true
A devil in my ear said don't fear just take the beer

Stole a truckload of beer
With liquid gold in the back
Hear our legends grow
And feel the beer flow

Solo

Stole a truckload of beer
With liquid gold in the back
Hear our legends grow
And feel the beer flow

Going down the highway doing 69
All of a sudden a copcar drove by
The policeman said that's way too fast
Why the haste now give me a taste.

Stole a truckload of beer
With liquid gold in the back
Hear our legends grow
And feel the beer flow
