Looking Back into the past
all that I can see
Is that I believed
Friendship would forever last
could be strong enough
to destroy the past.
But After spending many years here with you
right now I'm changing my feelings, too.
The Boy you used to know grew up:
he made himself strong, he knows what's wrong.

What were You thinking when you did this to me
While I believed in you?

Wash your hands (don't you see I bleed?)
cause they bleed (now you're killing me)
Watch your friends (don't you see I bleed?)
cause they kill (now you're killing me)

You told me I should have no doubts,
You'd always catch me if I'm falling down.
the honesty you promised me now it's gone:
what you've done hurts! This is your fault!
And now I'm standing here waiting in front of you.
You've got nothing to say: i'm awaiting your excuses.
What were You thinking when you did this to me
While I believed in you?

Wash your hands (don't you see I bleed?)
cause they bleed (now you're killing me)
Watch your friends (don't you see I bleed?)
cause they kill (now you're killing me)

(grwoling...)
There's nothing left to hide
just swallow all your pride
'cause all you are gonna have left will be your bleeding
eyes
my plan thou shalt see
this time it's the flower to use the bee.
I'm starting digging the hole
hole where I shall bury your bones.
