Hey you! You like rock 'n roll
You wanna bang your head to the devil's mood
Close encounters in the dark, tongues that lick their
idols
The whiskey burns inside my veins like fire

Hot desires in the city of rock'n roll
Nasty angels, dressed up and ready to go

Shout it out!
Another hungry night
Get it right!
Another hungry night

Dogs out! Hang with the miss's crew!
Glamorous passionate and wild at heart
Give it up and go crazy, here's an arm, lick your idol
The whiskey turns my blood to pure fire

Hot desires in the city of rock'n roll
Scandal beautys, dressed up and ready to go

Shout it out!
Another hungry night
Get it right!
Another hungry night

(solo)

Hot desires in the city of rock'n roll
Scandal beautys, dressed up and ready to go

Shout it out!
Another hungry night
Get it right!
Another hungry night
