"Runaway Man"

Run through the gate, follow your faith
Slap the unbelievers, right in their faces
The everyday heros are falling by numbers
Get out while you can, while there's a chance

I belive there is no heaven here
Hell is upon you, Find your way out

Runaway man, takes on the world
Runaway man, challanging his faith
Blood is on his hands, Runaway man
Don't stand in his way, Runaway man

Damn the preachers, who're holding you back
Slam the doors behind you, fire your arms
You got the ticket, a one way to the world
A runaway man, on a fight for life

I gotta getaway
I gotta run and hide
Cuz I'm a runaway man
On a fight for life

I belive there is no heaven here
Hell is upon you, Find your way out

Runaway man, takes on the world
Runaway man, challanging his faith
Blood is on his hands, Runaway man
Don't stand in his way, Runaway man
