I watch the days go slippin' into the night  
Down a one way street with no left or right  
Shattered dreams runnin' round my head  
Over and over I turn from everything she said

I'm takin' one long last look  
Deep in this heart of mine  
I'm takin' one long last look  
On this side of goodbye  
When there's nothing left to say  
I get my wheels on the highway

A thousand nights that never saw the day  
How I'd hang on every word she'd say  
It's a heavy load but I got no choice  
I can't take it forever haunted by her voice

I'm takin' one long last look  
Deep in this heart of mine  
I'm takin' one long last look  
On this side of goodbye  
When there's nothing left to say  
I get my wheels on the highway

Out int the streets  
Everywhere I'd go  
Everyone I'd meet they all seemed to know  
I was half a man  
Keepin' her around  
I've got my mind made up  
I'm about to leave this town

But I'm takin' one long last  
Look deep in this heart of mine  
I'm takin' one long last look  
On this side of goodbye  
When there's nothing left to say  
I get my wheels on the highway
