[Apathy]

Yo, I got a problem with the mic, so I solve it like a
mayne

Grab it by the neck and rock it as hard as I can

From nikes on my feet, to the mic that I freak

Emcee will agree that I'm precise on the beef

Fuck fronting, shut down pacs like game over

Consistanly light shit up like chain-smokers

Flex and I melt down flesh like flamethrowers

Fresh is the duky gold chain kain showed us

Funny how your honey (???) came over

When you were aroute last night, coulda remained
sober

You woke up in the morning with a bad hangover

I woke up, and bang a coocha til the day was over

It's like that, (like what?), like this

Mutherfuckers try to dis get put on the hit list

Punch punks like I'm futile, yo catch the fist

When I be taking out emcees like dogs that need to
piss

Hook(4x)

Easily I apporch, the microphone because I ain't no joke
(joke)

[Celph Titled]

On a scale of one to ten, approximately I'm a thousand

Stomp thru your neighorhood, city, or project housing

I am something that you never seen before

Like your grandparents having sex behind close doors

I rhyme like a scavanger that hunts for his prey

And prolly kill a dozen rappers and just call it a day

All I need is bitch that'll give me wet dreams

So I can get my rocks off like erosion in streams

I drop science like clumpsy professors in auditoriums

And strech niggas out like a mutherfucking accordian

I make you look stupid like (???)

You can cruise in the greyhound and i'll cruise in my jet

I'm impossible to beat like playing tic-tac-toe

Celph titled is famous for spitting ill(???)flows

Yo, me and apathy are like brothers since birth

You catch a bad one and get put under the earth
