Woah [3x]

I need this
Like I need to face this kiss
I'm cursin that I wanna miss
Is the feelin that I'm gonna know that I'll regret it
When I wait to find I'm tangled over wasted time
Lying here for three whole days
Nothing's changed

Waited too long just to be somewhere

[Chorus]
So I'll fade away
Into another yesterday
Addicted to another lie
This is the longest goodbye

Try and keep it
My little secret
Locked in a room
I hate it but I need it and I'm startin to believe it
My own lies singing like lullabies
Is the beginnin of the end and
Maybe we can stop pretending that it's all OK

[Chorus 2x]
So I'll fade away
Into another yesterday
Addicted to another lie
This is the longest goodbye

[4x]
But wait a moment
Cause that's all we got
(Cause that's all we got)

So I'll fade away
Into another yesterday
Addicted to another lie

Fade away

Into another yesterday
Addicted to another lie
This is the longest...

So I'll fade away
Into another yesterday
Addicted to another lie
This is the longest goodbye
