Take your hand bring me down tonight
And I dont wanna go so far and
I know your leaving about time
I wanna go for you

What do you want, what do you want, want from me
(What do you want)
I just dont feel the same
What do you want, what do you want, want from me
(What do you want)
I never felt this way
You're the person that I claim to love is someone that
I'm dreaming of
I'll do it again yeah
What do you want, what do you want, want from me
(What do you want)
I just dont feel the same

Take your hand bring me down tonight
And I dont wanna go for sure
And I know your leaving about time
I wanna go for you

What do you want, what do you want, want from me
(What do you want)
I just dont feel the same
What do you want, what do you want, want from me
(What do you want)
I never felt this way
You're the person that I claim to love is someone that
I'm dreaming of
I'll do it again yeah
What do you want, what do you want, want from me
(What do you want)
I just dont feel the same
I just dont feel the same

Someone take me out tonight
I wanna see the world outside
I wanna waste away this night
Ooh

Don't look back, let's leave this place
And it will never be the same again my friend
Ooh

What do you want, what do you want, want from me
(What do you want)
I just dont feel the same
What do you want, what do you want, want from me
(What do you want)
I never felt this way
You're the person that I claim to love is someone that
I'm dreaming of
I'll do it again yeah
What do you want, what do you want, want from me
(What do you want)
I just dont feel the same

Ohhhhhh Ohhhhhh
(What do you want) I just dont feel the same
Ohhhhhh Ohhhhhh
(What do you want) I just dont feel the same
