My Virtue

Whisper words of strength untold  
Give me peace to rest my soul  
I'm forsaken for my virtue, mercy left me lost

If temptation leads to sin  
Who's now hurting, who gives in  
I'm mistaken for my virtue, mercy left me lost

Illusive grandeur, weakened life  
Left unchallenged, justified  
As I hope, I plead, salvation leads to paradise

The journey you made through your mind  
Plays again, over and over  
With space in your life you revealed  
Truth abstained, over and over again

Now that heavens far away  
I stand alone, yet feeling to stay  
Innocence is surely breaking  
Mercy has its cost  
Life uncertain, yesterday  
Is in ashes blown away  
As I shed a tear, I'm finding out salvation is burning

The journey you made through your mind  
Plays again, over and over  
With space in your life you revealed  
Truth abstained, over and over again

The journey you made through your mind  
Plays again, over and over  
With space in your life you revealed  
Truth abstained, over and over...

Again, you'll find out where truth began  
Oh, this journey has no end  
Oh, this outcome is now in your hands  
Will your truth reach the end
