A special world for you has come,
A special place where we belong,
You know our love is getting strong

If I could have at least one wish
I wish to wake up every morning
With you, I only hope this comes true

A special word I will tell you
To catch your heart tonight
And the way you show you care
The way you're always there

Show me that you are the reason
You are the jewel in the crown
You are the light ray that shines from up the sky
And did I ever tell you
That I really, really fell in love
In love with your eyes

I wrote your name in the sky
But the wind blew it away
I caught your soul in tonight
And forever it will stay

A gentle word I will tell you
To catch your heart tonight
And the way you show you care
The way you're always there

Show me that you are the reason
You are the jewel in the crown
You are the light ray that shines from up the sky
And did I ever tell you
That I really, really fell in love
In love with your eyes

I thought love was just a mirage of the mind
An illusion, impossible to find
But the day I met you, I began to see
That love is real, and exists in me

You are the reason
You are the jewel in the crown
You are the light ray that shines from up the sky
And did I ever tell you
That I really, really fell in love
In love with your eyes
In love with your eyes
