Diamonds come and diamonds go
There's one thing I'm sure I know
She will last forever
Her past is sketchy but that's alright
Just try to ruin her delight
It's a difficult endeavor

She doesn't walk she's always prancing
Only when she isn't dancing

You don't even know the things she can see
It'd be clearer if you made up your mind
Any chance she gets, she'll throw a party
As ostentatious as you'll ever find
Share your woes, she'll make them lighter
Future's bright but she is brighter

She's not trapped in wonderland
It's not hard to understand
They're more than premonitions
I'm not waiting for a news report
Forecasts are a last resort
What a wonderful condition

She doesn't walk she is always prancing
Only when she isn't dancing

You don't even know the things she can see
It'd be clearer if you made up your mind
Any chance she gets she'll throw a party
As ostentatious as you'll ever find
Share your woes, she'll make them lighter
The future's bright but she is brighter

When she zone's out, it's time for you to zone in
'Cause something big is going down

She doesn't walk she is always prancing
Only when she isn't dancing

You don't even know the things she can see

It'd be clearer if you made up your mind
Any chance she gets she'll throw a party
As ostentatious as you'll ever find
Share your woes she'll make them lighter
Future's bright but she is brighter
She is brighter
She is brighter
