Take a picture steal my soul  
It's nice to know ya rock 'n' roll  
I can't see what you see  
So I'm gonna set you free

I am skin  
I am bones  
That is how the story goes  
In my head like you said but I like it

Fire's burned  
Fire's gone  
And you wanna lead me on  
In my head like you said but I like it

Take my life (I don't want it no more)  
Come on son (What are you waiting for)  
I'm right here (Right in front of you)  
Coming so close  
I'll sleep when I'm dead

Light a match and strike a pose  
I'm the flesh of a dying rose  
Summer's coming to an end  
Is this all real or just pretend

I am skin  
I am bones  
That is how the story goes  
In my head like you said but I like it

Fire's burned  
Fire's gone  
And you wanna lead me on  
In my head like you said but I like it

Take my life (I don't want it no more)  
Come on son (What are you waiting for)  
I'm right here (Right in front of you)  
Coming so close  
I'll sleep when I'm dead

Take a picture steal my soul  
It's nice to know ya rock 'n' roll  
I can't see what you see  
So I'm gonna set you free

Take my life (I don't want it no more)  
Come on son (What are you waiting for)  
I'm right here (Right in front of you)  
Coming so close  
I'll sleep when I'm dead
