I want to take a drive, I want to feel alive  
I know I can't survive without the radio  
I'm taking no left turns, I'm number one with zero burn  
I've learned to love, to learn to love the radio

I love to hear that song  
Even though it's number one on the radio  
R A D I O  
Baby loves the radio

I want to leave this town, just put the pedal down  
And head where the ground will meet the radio  
The whole wide world, I'll see from the Golden Gate to  
NYC  
It's all the same to me on the radio

I love to hear that song  
Even though it's number one on the radio  
R A D I O  
Baby loves the radio

The radio is playing  
When cheating and when praying  
Forgiveness for all I've done wrong  
I can't escape the radio song

R A D I O  
Baby loves the radio

This song's in heavy rotation  
On every radio station  
Across this whole wide nation  
I'm beginning to lose my patience
