Everyone's afraid of their own life  
If you could be anything you want to be  
You'd be disappointed, am I right?  
No one really knows the ones they love  
If you knew everything they thought  
I bet that you'd wish that they'd just shut up

Well, you were the dull sound of sharp math  
When you were alive  
Not ones gonna play the harp when you die  
And if I had a nickel for every damn dime  
I'd have half the time, do you mind?

Everyone's afraid of their own lives  
If you could be anything you want I bet  
You'd be disappointed, am I right, am I right?  
And it's our lives

It's hard to remember  
It's hard to remember  
We're alive for the first time  
It's hard to remember  
It's hard to remember  
We're alive for the last time

It's hard to remember  
It's hard to remember  
To live before you die  
It's hard to remember  
It's hard to remember  
That our lives are such a short time

It's hard to remember  
It's hard to remember  
When it takes such a long time  
It's hard to remember  
It's hard to remember

My mom's God is a woman  
And my mom she is a witch  
I like this

My hell comes from inside  
Comes from inside myself  
Why fight this

Everyone's afraid of their own life  
If you could be anything you want I bet  
You'd be disappointed, am I right?
