Intro

Won't you be my girlfriend
Won't you be mine?

Verse 1

I first saw her in the hallway
I could've sworn it was a runway
And I was hoping she'd come my way
She is so lovely, cupid done struck me

Pre-Chorus

I can't believe what I saw
(I think about her)
On and on and all day long

Chorus

Won't you be my girlfriend
Be my girlfriend, girlfriend
We should make it happen
I need you on my team
You could be my queen
Won't you be mine x3
You gotta be mine
Won't you be my girlfriend
Be my girlfriend
Won't you be mine?

Verse 2

I ran into her on the stairway
I'm pretty sure she caught me staring
I played it smooth and I just said, 'Hey!'
She started rushin', I caught her blushin'

Pre-Chorus

Chorus

Bridge

I remember on the first day
When I hoped you would come my way
My words they did escape

But if you were to come now
Here's exactly what I'd say
We can make it happen

Pre-Chorus

She is all I (Be, Be, Be Mine)
All I want (Be, Be, Be Mine)
I think about her (Be, Be, Be Mine)
On and on and all day long (Be, Be, Be Mine)

Final Chorus x2

Won't you be my girlfriend
Be my girlfriend, girlfriend
We should make it happen
I need you on my team
You could be my queen
Won't you be mine x3
You gotta be mine
Won't you be my girlfriend
Be my girlfriend

Won't you be mine?

Outro

Be Mine, Be Mine
It's Tae
Be Mine, Be Mine
Yeah that's right
