The sun beats me up at nine  
I think that your heart is mine  
I got love laser with shooting eyes  
In my speed slacker paradise  
A soul trip on an open street  
A boy face can't ever cheat  
As a wreck waits below the sea  
You can never run from me, no

You stress down the easy way  
And I'm rolling down to seize the day  
My fast love take away  
You stress down the busy way  
And I like the falling leafs today  
My fast love take away

So kick it up, oho yeah

I hope that you're satisfied  
And I hope that you're heart is mine  
With just one hit from your precious eye  
I can never tell a lie  
Oh, the latest news are spreading soon  
As I ramble in the afternoon  
Drinking wine and waiting for the dark  
Are the othersiders in a park  
So I go out there!

You stress down the easy way  
And I'm rolling down to seize the day  
My fast love take away  
You stress down the busy way  
And I like falling leafs today  
My fast love take away

Come on!

So kick it up, oho yeah  
My fast love take away  
Kick it up, oho yeah  
My fast love take away

My fast love take awayâ€¦
