Could it be that I can't see  
What's real or what is in me  
Could it be I'm a long gone dreamer?

Now and then there seems no end  
To nothing happening  
Can I dream it away I wonder?

When things are boring me  
I recall a melody  
To howl in the jungle

Could it be that I just don't care  
'bout things the other ones share  
Could it be I'm a long gone failure?

Once again there is just no end  
Of grey polluting my day  
Can I dream it away I wonder?

When things are boring me  
I recall a melody  
To howl in the jungle

When things are boring me  
I recall a melody  
To howl in the jungle

Oh, go, go, go  
To where you want to go  
What's else to do we wonder  
To go under

When things are boring me  
I recall a melody  
To howl in the jungle

When things are boring me  
I recall a melody  
To howl in the jungle

Come on town

When things are boring me  
I recall a melody  
To howl in the jungle

When things are boring me  
I recall a melody  
To howl in the jungle
