Let's run like kids at play
Hold our breath
'till our hearts stop beating, hearts stop beating
Let's run like kids at play
Hold our breath
'till our hearts stop beating, hearts stop beating
Let's run like kids at play
Hold our breath
'till our hearts stop beating, hearts stop beating

Let my last breath
Be something I hold dear
Let my, let my last breath
Let my, let my last breath
Be something I hold
God Damn

Something I Hold
To myself, can't walk away
As I try my best
But, is it enough?

I decide my past, isn't enough
I decide my past

Hold your breath
Is it enough?
Hold your breath
Is it enough?
Hold your breath
Is it enough?
Hold your breath
Is it enough?
Hold your breath
Is it enough?
Hold your breath
Is it enough?
Hold your breath
Is it enough?
