He was full of piss - Piss & Vinegar

He was never his mother's boy, when he was growing
up
He always said what he wanted to, when they told him
to shut up
He said yes - When they said no - He had to go

He was full of piss - Piss & Vinegar

He ran away in his early years and never really stopped
He was almost like you and me, but the struggle took
his life
He said go - When they said stop - He had to fight

He was full of piss - Piss & Vinegar

He said go - When they said stop - He had to fight

He was full of piss - Piss & Vinegar
