Bigshot's in a parachute  
He's got your wages in his pocket - You're so  
Stupid, oh, Stupido  
The pension's not what it used to be  
The Stockbroker has it all - You're so  
Stupid, oh, Stupido

You're a small fish caught in a net of profit  
With media serving the bait  
And you're dancing to the moneygroove  
But you never face the music - You're so  
Stupid, oh, Stupido

You dance and you dance to the money rhythm  
And the man in the suit writes the soundtrack of you  
life  
DJ-Politician to the left and the right  
Dancing in the middle all night  
Jumping Jack is skanking all night  
And you're young you dance to a brand new groove  
When you're old you hear the same old songsâ€¦.  
Guess who's dancing on your grave?

Stupid, oh, Stupido

Sowing the seed of envy and greed  
The politician knows your need - You're so  
Stupid, oh, Stupido  
Jumping Jack just got your vote  
And you believe every word he says - You're so  
Stupid, oh, Stupido

Dancing to the money riddim - Dancing on your grave  
DJ Politician - He's dancing on your grave  
Never face the music - DJ Politician  
Stupid, oh, Stupido - You're so STUPID!
