All my dreams run away, Since you left me last Sunday
Walking naked in the dark's tunnel of my lonely heart
Many days that you're gone Waiting for you on my
own

Sitting in silence on my knees A dreamy music follows
me

I try not to cry but I'm Mam'selle in distress

I try not to cry but I'm Mam'selle in distress

I might over step the line Put it all on one side

In my stomach grows a wall In my burning world I fall

I try not to cry but I'm Mam'selle in distress

I try not to cry but I'm Mam'selle in distress

I hear a train I hear your name I go crazy I'm a fool

Nothing left in my soul Lye robber you took it all

I try not to cry but I'm Mam'selle in distress

I try not to cry but I'm Mam'selle in distress
