No matter what Let ride with no wonder Let grow with
no eyes behind
No matter what Let the soul have a walk Let the chance
take is goal
How love goes on ?...How love goes on ?... Tell me
No matter what Let the fear lead a dance Let the clown
play a part
No matter what Let the fool help the star Let the faith
test your act
How love goes on ?...How love goes on ?... Tell me

No matter what Let your smile be an answer Let a sweet
reality turn on
Let your tongue be a divine sugar Let your mouth be
the one to inspire
How love goes on ?...How love goes on ?...Tell me
