Ain't your babe
ain't your baby
Ain't your babe ain't your babe now

Ain't your babe ain't your baby
Ain't your babe
ain't your babe now.

Take my hand don't be so sad and lonely
Understand Darling
Although it hurts you it's over
And it's not like before.

'Cos your baby ain't your baby anymore
Ain't your babe
ain't your baby
Ain't your babe
ain't your babe now.

If you try you can forget your sorrow.
Darling I'll make you
So glad tomorrow it's over
He's not worth waiting for.

'Cos your baby ain't your baby anymore
...

Love is blind forget your other lover
You will find baby
The second time around it's better
So don't cry anymore.

'Cos your baby ain't your baby anymore
...

And the love you found is stronger than before
Cos' your baby ain't your baby anymore
...
