Has anybody got directions?
'cause I'm lost and struck down
I'm losing patience
Sell me a way to go
Any place will do

I saw a man at a cross roads
He could've crossed so many times
I should of asked him where he was goin
but I had him in my mind
Maybe he was a dream I had
Maybe he was a sign
You never know
'cause these things happen all the time

Is the ground getting higher
or are the birds flying lower?
I don't know you and you don't know me
and that's what makes it better
This whole thing is heavy on me
Give me something to take
to make it better

I saw a man at a cross roads
He could've crossed so many times
I should of asked him where he was goin
but I had him in my mind
Maybe he was a dream I had
Maybe he was a sign
You never know
'cause these things happen all the time
