(Adam)

Down in the alley

What's your mother made of?

(Kimya)

Heads up, Seven up

Ding dong, come in

(Adam)

I left my wood panelling

on the embassy coat rack

(Together)

Where is mankind?

My big black behind

Follow your star

Play your guitar

(Adam)

I said candyland

He said toyland

(Kimya)

Queen frosting

Eleventeen marzipan

...Adam?

(Adam)

I forgot

(Together)

Where is mankind?

My big black behind

Follow your star

Play your guitar

Ahhh!
