I've got teeth problems  
Teeth problems  
It hurts when I close my mouth  
Pain comes out  
Hurts when I close my mouth

Freud links the teeth and the heart  
Freud links the teeth and the heart  
Well that's a start  
Hurt when I broke my heart

She says to me: "Please take care of your teeth"  
And I say to her: "Please take care of my heart"  
Cause my teeth are breaking but my heart is aching for  
you

My dentist's a girl from France  
My dentist's a girl from France  
I fancy off her pants

She says to me: "Please take care of your teeth"  
And I say to her: "Please take care of my heart"  
Cause my teeth are breaking but my heart is aching for  
you  
Aching for you
