Are you over me, it was a song for all the friends that I've let down. You were the best thing, and I missed it because I didn't have the guts to say what I meant, I got on a train and went away because that's the one thing I can do. Are you over me? It was a song for all the friends that I've let down. You are the first thing that I think of, because I never have the guts to do what I want I put it away get on a train because that's the one thing I can do. Are you over me? It was a song for all the friends that I've let down
