Everything I say falls away,
Like the fade on the radio song.
And everything i try pass me by,
Like the tide seems to rise then it's gone.

(chorus)

Still there's something to said for company in bed,
This time I want it, see, I knew we'd agree.
How can anyone deny the benefits of lying with your
friends?
We'll try it again.

Sometimes when I'm by myself, I can't find myself,
And there's no one there.
Sometimes I can see myself, I can be myself,
With a friend, now...
Everday I ride of my eyes,
And my mind fills with complications.
And everywhere I go, pass by slow,
Fading moments and aspirations.

(chorus)

Sometimes when I'm by myself, I can't find myself,
And there's no one there.
Sometimes I can be myself, I can see myself,
With a friend, now, a friend now...

I'll never know you like you know yourself.
You'll never know me like i know myself.
I'll never know you like you know yourself.
You'll never know me like i know myself.
I'll never know you like you know yourself.
You'll never know me like i know myself.
