If I die
God knows why
Anyone should hurt
This much inside
And so deep, gone so far
Every friend we break now
Just means scars, oh

What's the world comin' to
Without me, without you
Now the air that I breathe
Just means nothin'
Wanna tear the world apart
Find my way back to your heart
If I live another day
I don't know what's the world...comin' to
What's the world without you

I need your clothes on my bed
Everything is just the way you left
Life goes on except for me
Even though your gone
I just can't, I just can't leave, oh

Repeat Chorus

Goodbye
No, it doesn't answer
My heart keeps tellin' me this

What's the world comin' to
Without me, without you
Now the air that I breathe
Just means nothin'
Wanna tear the world apart
Find my way back to your heart
If I live another day
I don't know, don't know

What's the world...comin' to
(What's the world comin' to)

What's the world
(What's the world without you)
What's the world comin' to
What's the world without you
