Tonight, I celebrate my lo-ove for you  
It seems the natural thi-ing to-oo do  
Tonight, no one's gonna fi-ind us  
We'll leave the world behi-ind us  
When I make love to you

Tonight, I celebrate my lo-ove for-or you  
And hope, that deep inside you'll fee-eel it too  
Tonight, our spirits will be cli-imbing  
To a sky lit up with diamonds  
When I make love to you, Tonight

Tonight, I celebrate my love for you (ooh-ooh)  
And that midnight sun is gonna come shinin' through  
(ah-ahh)  
Tonight, there'll be no distance betwee-een us  
What I want most to do  
Is to get close to you-ou, Tonight

Tonight, I celebrate my lo-ove for-or you  
And soon, this old world will see-eem brand new  
Tonight, we will both disco-over  
How friends turn into lovers  
When I make love to you

Tonight, I celebrate my love for you (ooh-ooh)  
And that midnight sun is gonna come shinin' through  
(ah-ahh)  
Tonight, There'll be no distance betwee-een us  
What I want most to do  
Is to get close to you-ou

Tonight, I celebrate my lo-ove for-or you  
Tonight
