By Dave Fenton

Why don't you get out of here
I never needed you anyway
Why don't you just disappear
I'm tired of driving down your logical motorway

You can stay if you don't ask no questions
You can stay if you don't tell no lies
You can stay if you don't read my feature
You can stay if you don't read my mind
Wanna do something new
I Wanna go to America
Go to America
Go to America
But I wanna stay with you
But I wanna take you too baby
Baby, baby, baby

For the moment I'm alive
Everybody trying to steal my insanity
God knows how I can survive
Just hiding out in this occupied territory
You can stay if you don't ask no questions
You can stay if you don't tell no lies
You can stay if you don't read my feature
You can stay if you don't read my mind
Wanna do something new
I Wanna go to America
Go to America
Go to America
But I wanna stay with you

But I wanna take you too baby
Baby, baby, baby, baby

I wanna go to America
Go to America
Go to America
But I wanna stay with you
But I wanna take you too baby
Baby, baby, baby, baby
