So humane and so incredibly  
well preserved for a moment such as this  
In his eyes ten thousand enemies  
In his head one pocket for a kiss  
All the animals hunting everywhere  
Trying everything for something more or less

Lock all your animals in cages  
Hide your weakness forget your fears  
Live by the laws you made for your safety  
Safe behind the walls  
you thought would last for years  
He's just an isolated case  
Johnny jumps and Johnny comes clean  
He's just an isolated case  
Johnny jumps and Johnny comes clean

Wise men and animals live by their instincts  
Their motive for fightings their will to win  
Wise man never loved doesn't need the complication  
Passion brings no fascination  
Doesn't like to think  
Animal feelings need no hidden meanings  
I'd love to have lied  
but I couldn't so I cried  
Lock all your animals in cages  
Hide your weakness forget your fears  
Live by the laws you made for your safety  
Safe behind the walls  
you thought would last for years  
He's just an isolated case  
Johnny jumps and Johnny comes clean  
He's just an isolated case  
Johnny jumps and Johnny comes clean

I'm not messiah I can't move a mountain  
I'm not superman I can't save the world  
I'm sick of following I'm sick of leaders  
Nothing seems to help  
but something got to have to

He's just an isolated case

He's just an isolated case  
He's just an isolated case  
Johnny jumps and Johnny comes clean
