Mind that shadow  
That might follow you  
Look at her fiery eyes  
Listen to her whispering  
Whispers of madness!!

An infernal creature  
A miasma an impious being  
Some abominable  
Creation of Satan!!!

Mind those eyes  
The eyes of a nightmare  
Fall in the arms  
Of despair!!!

She is waiting - beyond any concept of time  
To give you - the kiss of paranoia  
To drop you - to the darkness of loss  
To worship you - like an infernal god!

Listen to the sound  
Which gains strength in your mind  
Its rhythm drives you crazy  
Its intensity puts you to death!!

A horrible cacophony  
A gathering of madness  
That affects your mind  
With damned intension!!

Deformed shadows  
Demonic brilliances  
Howling of the damned  
Wake up the dead  
In the night!!!  
Lost in a maze  
Of dark thoughts  
With no hope of escape  
You listen to  
Choked by your sweat!!!

You are waiting for the moment  
That all will be over  
Absolute silence mocking  
You know, it's coming!!!  
You know, it's coming!!!  
Terror, raider  
In your soul  
You can't hear your cry  
Only the beats of a crying heart!!!  
Only the beats of a crying heart!

She is waiting - beyond any concept of time  
To give you - the kiss of paranoia  
To drop you - to the darkness of loss  
To worship you - like an infernal god!!

Mind those eyes  
The eyes of a nightmare  
Fall in the arms  
Of despair!!

An infernal creature  
A miasma an impious being  
Some abominable  
Creation of Satan!!!!
