Though the endless storm ?Reborn the cosmic evil
Dwell in inhuman rituals ?The poison of wrath and hate
Conduct your subconscious ?To the sphere of galaxial
mist

Devoted disciple of Charon as you enter the loner
domain

Lost in the maze ?The visible disorder

Object of diabolical art ?Mysterious exquisite
substance

Cryptogramy (reveal) disgusting dreams
Breed in twisted (cranial) magnetism
The pestilent chaos of Sathanas
Genesis of Apocryphal Desire ?Genesis

Lost in the maze ?The visible disorder
