I'm blind yet I see
the view is blurred my speech is slurred and clouded
and I feel crowed,
My heart is heavy with the feeling of love yet you push
and shove your
spirit upon me !
Leave me be , let me kiss what i've missed even though
I share wedded
bliss can you handle this? What im feeling
Confusion is what my heart and mind go's through
being next to you and not
really understanding you (my secret)
Can we share what I dare to bare in front of you and
you in front of me ?
Let's see am I ready?
Come lay with me and experience the softness of this
hotness involves it's self
and you come to full erection and I taste the temptation
as it falls from my lips
you grab my hips with desire as the temperature gets
high and we perspire hands
pressed heavy gently interlocked fingers
staring at each other as if we were lovers and with
closed eyes we see what
we were meant to be when we see each other from afar
Our secret!
