Felt for a ride
To clear my head
I couldn't drive
Without her

Letting me down
I won't care
Must see you now
You're not there

Cause I'm missing you babe
I'm missing you, grab my hand
Yes, I'm missing you babe
I'm missing you, grab my hand

Thoughts make a round
In my head
Can't hear a sound
Without her

Letting me down
I won't care
Must see you now
You're not there

Cause I'm missing you babe
I'm missing you, grab my hand
Yes, I'm missing you babe
I'm missing you, grab my hand
