Intro: yeah yeah yeah yeah yeah

Chorus

I cant live without you

I know I did you wrong girl

I know I did you wrong

It's my fault

I'm sorry

I can see my whole world changing

Coz of you

It's upside down

I'm lonely

Should have known better

then to sleep with your best friend

Come back here

Give me one more try

I can see my whole world changing

Theres no need to live if I cant be with you,

What I did was wrong I'm sorry,

Didn't no how much I really want you

I can see my whole world changing,

Theres no need to live if I cant be with you,

What I did was wrong I'm sorry,

Didn't know how much I really miss you,

Last night I made a big mistake,

Now I'm sitting in my room like Brandy,

Taking time to contemplate,

How i've been such a fool lately,

girl I no I messed up,

By cheating with ur best friend,

girl I know I abused your love

But please don't let this endâ€¦.

I can see my whole world changing

Theres no need to live if I cant be with you,

What I did was wrong I'm sorry,

Didn't no how much I really miss you?

x2

Lately we just fuss and fight,
We argue bout everything
That drove me to creep at night,
Round to best friends, best friends
she kissed me then turned out the lite,
Don't no what came over me,
she touched me and got hold of me,
But it didn't mean a thing to me

Chorus

Say it again, say it again
I'm sorry I'm sorry

I no its hard to understand,
i always make mistakes
So come back here,
And baby give me one more try,
Sing it for me one more time

I can see my whole world changing
Theres no need to live if I cant live with you
What I did was wrong I'm sorry,
Didn't no how much I really miss you?
(X 3 to fade out)
