I held you tight, and we fell, life took a breath
Made me weep, blanket kissed your lips
And I know that it tasted just like it felt
I'd never see all this happen to me
But it feels like love, makes me weep like love
And it tastes just like it's got to be love
Oh it's in the air, I feel it everywhere
I'm so happy 'cause I know it's got to be love
No two ways about it, it's got to be love

I look at you, and it looks like it when you talk
Oh it sounds like it deep inside
All my thoughts and my heart say it's so
Still I've got to be sure 'cause I've been fooled before
But it looks like love and it sounds like love
And my heart tells me it's got to be love
Oh it's in the air, I feel it everywhere
I'm so happy 'cause I know it's got to be love
No two ways about it, it's got to be love
