Little girl is smart as she can be, woe
Little girl you've made a fool of me, woe.
I believed her when she said she really loved me.
The love was shining in my eyes so couldn't see the
lies
In her eyes.

Little girl knows more than she pretends
She knew I wanted to be more than friends.
Every time she hurt me oh how sorry she was,
Yesterday she went to far and now I'm through
because I'm wise
To all those lies.

Friends said don't worry now she's sweet and she's
kind
Don't be afraid to tell her how you feel all the time
The little things that bothered me I let them go by
And now it's too late to cry.

Little girl it's time that we should part
'Cause little girl now you've broke my heart.
I couldn't help but hear what they had said about you
Now I'm ashamed to tell them that I fell in love you.
They'd laugh at me
Please set me free.

Friends said don't worry now she's sweet and she's
kind
Don't be afraid to tell her how you feel all the time.
The little things that bothered me I let them go by
And now it's too late to cry.

Little girl now I'm through with you
'Cause you've got everything you wanted too.
Despite all those things that they said you had done
You had me believin' now that I was the one
In your dreams, instead of your schemes.

Little girl, little girl.....
