No heartaches felt, no longer lonely
Nights of waiting finally won me happiness
It's all rolled up in you
And now with you as inspiration
I look toward a destination
Sunny, bright, that once before was blue

I have no more than I did before
But now I've got all that I need
For I love you and I know you love me

So take my hand, I'll start my journey
Free from all the helpless worry
That besets a man when he's alone
For strength is mine when we're together
And with you, I know I'll never
Have to pass the high road for the low

I have no more than I did before
But now I've got all that I need
For I love you and I know you love me

I have no more than I did before
But now I've got all that I need
For I love you, and I know you love me
