No other love stood the test of time  
Can you imagine how I'd feel if you were mine?  
Once I know it's not make-believe  
It's plain to see that you've got something over me

You hold the key to my secret heart  
Just turn the lock  
And we could be lovers after dark  
[repeat]

With other girls it's just been physical  
So many times before I never cared at all  
With you I realize what love could be  
And I could feel that you've got something over me

You hold the key to my secret heart  
Just turn the lock  
And we could be lovers after dark  
[repeat]

[musical bridge]

You hold the key to my secret heart  
Just turn the lock  
And we could be lovers after dark  
[repeat to fade]
