Though you've played at love and lost  
And sorrow's turned your heart to frost  
I will melt your heart again  
Remember the feeling as a child  
When you woke up and morning smiled  
It's time you felt like you did then

There's just no percentage  
In remembering the past  
It's time you learned to live again at last  
Come with me, leave yesterday behind  
And take a giant step outside your mind

You stare at me in disbelief  
Say, for you, there's no relief  
But I swear I'll prove you wrong  
Don't sit in your lonely room  
Just staring back in silent gloom  
That's not where you belong

Come with me, I'll take you where  
The taste of life is green  
And every day holds wonders to be seen  
Come with me, leave yesterday behind  
And take a giant step outside your mind

Come with me, I'll take you where  
The taste of life is green  
And every day holds wonders to be seen  
Come with me, leave yesterday behind  
And take a giant step outside your mind
