"The Girl I Knew Somewhere"

You tell me that you've never been this way before
You tell me things I know that I've heard somewhere
You're standing in the places and you're staring down
through faces
That bring to mind traces of a girl, a girl that I knew
somewhere

I just can't put my finger on what it is
That says to me, 'Watch out! Don't believe her,'
I can't give any reasons, girl
My thoughts are bound down in a whirl
I just can't think who in the world was that girl
I know I met her somewhere

Someway, somehow, the same thing was done
Someone, somewhere, did me the same wrong

Well goodbye, dear, I just can't take this chance again
My fingers are still burning from the last time
And if your love was not a game, I only have myself to
blame
Though that may be, I can't explain
Just ask the girl that I knew somewhere

And if your love was not a game, I only have myself to
blame
Though that may be, I can't explain
Just ask the girl that I knew somewhere
