"Through The Looking Glass"

You call my name, then you run for protection
I reach out to hold you, but it's just a reflection
Through the looking glass
Ah, you've been looking at your life through a mirror
It's time you started seeing things a little bit clearer
Than through the looking glass

Let me break through, girl
I still love you, girl

I think you love me by the way you come on, girl
Then I turn around for a minute, you're gone, girl
Through the looking glass

Ahhh.....aahhhh...

You're looking through me
Like you never knew me

I've got some things that I'm trying to show ya
But you fade away, how can I get to know ya?
Through the looking glass
Bah, bah bah bah...bah, bah bah bah...
