When love comes knockin' at your door  
Just open up and let him in  
It's gonna be a magic carpet ride  
So, little girl, now don't you run and hide

I know that you've been hurt before  
But don't you be afraid no more  
Throw off the chains that bind  
And leave the past behind  
When love comes knockin' at your door

(I know)  
When love comes knockin' at your door  
(That you're afraid of loving me)  
Just open up and let him in  
(But don't you fight it, and you'll see)  
It's gonna be a magic carpet ride  
(That loving me will make you high)  
So, little girl, now don't you run and hide

('Cause baby, I)  
You'll see a rainbow every day  
(I know that you've been hurt before)  
The sun will shine in every way  
(But don't you be afraid no more)  
Throw off the chains that bind  
And leave the past behind  
No need to worry any more  
When love comes knockin' at your door  
At your door  
At your door  
At your door...
